There Is Nothing More Important Than Good Health

Those who are looking toward the continuance of the maximum of happiness know that good health plays its major part.

Health authorities inform us that the drinking liberally of clean, wholesome water is vitally necessary to maintain that happy state of a healthy body. Are You Sure?

Are you sure the water you drink is pure, clean and wholesome and will give you the full measure of health that your body demands from the water you drink

The Proper Quality of Water

There is one type of water that all health authorities agree as being absolutely pure, and that is the Puritas type—it's distilled water.

Puritas Water is ozonized, or in other words, agrated with clean, pure sterilized oxygen. Puritas contains more oxygen than ordinary drinking water.

Puritas distilled water has been proven by scientific and consumer tests for thirty-five years. The clean, wholesome quality of Puritas is dependable. Puritas is drunk daily by approximately 300,000 people in Southern California.
